

Warren McGovern - Librarian's Report (2012-13)

This year we have introduced several much-needed new titles to en-rich the winter repertoire. They include "Ding Dong Merrily on High", "On this Day", "Fantasia on a 13th Century Carol", "A Holiday Rhapsody" and for the coming spring concert, "Symphonic Suite From Star Trek".

But the biggest and best news is our crisis in storage capacity is over and with the additional 3 cabinets added to our fleet we have a bounty of clear area to fill with new titles for years to come. Despite this great news there will be more trimming to do as there are duplicate titles that we could offer up to other local bands, and if finances permit, replace the photocopied sets with freshly minted folders (titles) as they become available.
