

Rebecca Bourque - Equipment Manager's Report (2014-15)

Last year has been quite the adventure, and is continuing into this year in terms of timpani heads. We have tried 4 different types and sizes and it seems as though they are 1 inch to big then ¼ too small etc...we are now in discussion with St. John's and Ludwig to order the proper ones.

We have gotten a few small percussion items throughout the year

- Two crotale disks
- Suspended cymbal stand
- Two sets of mallets
- A holder for the triangle (no, not Grahams hook hand!!)

I will be doing a clean out of the closet at the NCAC in the next coming months to sell or get rid of any broken/unused equipment. If you know of anyone looking for a xylophone hard case, please let me know.

A huge, huge, huge thank you to everyone who has helped move gear whether it be at the church or lending your vehicle to move gear, it is GREATLY appreciated!! The price of the truck rental went up a little bit this year due to other renters having accidents, but it was not a significant amount of \$\$ to make us look elsewhere.
