

Pam MacCaull – Membership Report (2013-14)

As usual there isn't much to say in a membership report except how wonderful our members are! There are 62 regular members and 12 occasional, which means these people come out to play in the summer and when they are able through the winter. The regular member number is down from 70 last year but that hasn't decreased the good work put forth. Thank you to one and all for your efforts. We wouldn't be much of a band without you!
