

Pam MacCaull – Membership Report (2014-15)

The membership of the NCB is composed of a number of really great people. That actual number is 60 regular members and 11 occasional members, the folks who come out to play in the summer and when they are able through the winter. The regular member number has decreased by 2 from last year but that hasn't decreased our spirit! Thank you to one and all for sharing your talent and effort. It wouldn't be half as much fun without you!
