

## **Pam MacCaul - Membership Report (2016-17)**

The membership of the NCB decreased over the last year but there are still 66 great regular members and 10 terrific occasional members. They're the people who come out to play with us in the summer and whenever they can during the winter. The regular member number decreased by 13 from last year but our spirit and ability are still on the rise! Thanks to everyone for showing up every week, helping out, and sharing your talent and effort. You ARE the Nepean Concert Band!
